AI Training Workshop — Marketing Materials

Visual and copy assets for a premium AI training workshop aimed at South African marketing professionals.

Contents

PATH	WHAT IT IS
<code>creative/brief.md</code>	The creative direction all assets are built against
<code>creative/shot-list.md</code>	The four generated hero images: prompts, specs, source URLs
<code>creative/prompt-library.md</code>	Reusable prompt blocks for generating more in the same style
<code>copy/captions.md</code>	Channel-ready caption and ad copy
<code>assets/workshop/</code>	Downloaded image files (see note below)

Image files

The four hero images are generated and live at the CDN URLs recorded in `creative/shot-list.md`. They are **not** committed to `assets/workshop/` — the Higgsfield CDN host is blocked by the egress policy of the environment these were generated in, so the binaries could not be pulled down automatically.

To populate `assets/workshop/`, download each URL from `creative/shot-list.md` and save it under the filename listed alongside it. The filenames are already referenced by the copy and shot list, so nothing else needs to change.

Style in one line

Documentary editorial photography — warm natural light, shallow depth of field, authentic unposed expressions, business casual, premium modern venue. No stock-photo posing, no cold blue "tech" grading, no fake smiles at camera.

Creative Brief — AI Training Workshop

Subject

A South African marketing consultant attending a premium AI training workshop. Working with ChatGPT and Claude on a laptop while discussing ideas with other professionals around a shared table.

Setting

Modern conference venue. Warm natural lighting from large windows. Premium furniture — walnut and oak tables, designer chairs, plants, minimal architecture. Printed workbooks, branded notebooks, pens, coffee on the table.

Treatment

- **Genre:** documentary / editorial reportage, not corporate stock
- **Expressions:** authentic — mid-sentence, listening, concentrating, laughing. Nobody grinning at the lens.
- **Interaction:** realistic. People lean in, gesture, share a screen, annotate a workbook. The room is working, not posing.
- **Wardrobe:** business casual. Linen blazers, rolled sleeves, simple tops.
- **Optics:** shallow depth of field, creamy background bokeh. 35mm for the environmental wide, 50mm for the table shot, 85mm for portraits and over-the-shoulder.
- **Grade:** warm and natural. Golden afternoon light. Realistic skin texture, no plastic retouching.

Casting

Diverse and locally credible — the room should read as a South African professional audience, mixed ethnicities and ages, majority Black professionals in lead frames.

What to avoid

- Cold blue "AI / tech" colour grading
- Floating UI, glowing holograms, circuit-board motifs
- Legible on-screen text or brand logos (renders unreliably and dates fast)
- Empty conference-room stock clichés — handshakes, pointing at blank charts
- Over-lit, shadowless studio lighting

Shot List — Generated Hero Images

All four generated with Higgsfield `soul_2` (`text2image_soul_v2`), General style, 2K quality. Seeds recorded so each frame can be re-rolled or varied without losing the look.

01 — Consultant in collaboration (hero)

- **File:** `assets/workshop/01-consultant-collaboration-3x2.png`
- **Ratio / size:** 3:2 — 2016 x 1344
- **Seed:** 778119
- **Job ID:** `c4b06323-21e1-4122-9a73-c6b4370fe527`
- **Source:**
https://d8j0ntlcm91z4.cloudfront.net/user_3GMOZifq mavH53boYn9eGkcXqUc/hf_20260806_150537_c4b06323-21e1-4122-9a73-c6b4370fe527.png
- **Use:** landing page hero, event page banner, LinkedIn link preview

Documentary editorial photograph: a South African marketing consultant, Black woman in her mid-30s wearing business casual — a crisp linen blazer over a simple top — sits at a shared table in a modern conference venue, working on an open laptop showing an AI chat interface. She is mid-conversation, gesturing with one hand toward a colleague, authentic engaged expression, genuine half-smile. Printed workbooks, branded notebooks and a coffee cup on the premium oak table. Other professionals of mixed ethnicities lean in around the table. Warm natural light from large windows, soft golden afternoon tone, shallow depth of field with creamy background bokeh, 50mm lens, editorial quality, realistic skin texture, unposed candid moment.

02 — Over the shoulder, hands on the work

- **File:** `assets/workshop/02-over-shoulder-laptop-3x2.png`
- **Ratio / size:** 3:2 — 2016 x 1344
- **Seed:** 435729
- **Job ID:** `05580e15-22fb-4371-823b-22856fade311`
- **Source:**
https://d8j0ntlcm91z4.cloudfront.net/user_3GMOZifq mavH53boYn9eGkcXqUc/hf_20260806_150537_05580e15-22fb-4371-823b-22856fade311.png
- **Use:** curriculum / "what you'll actually do" section, email header, retargeting ad

Documentary editorial photograph, over-the-shoulder angle: a South African marketing consultant, man in his 40s, business casual button-down with sleeves rolled up, focused on his laptop screen displaying an AI assistant conversation, one hand on the trackpad, annotated printed workbook open beside him with handwritten notes. Modern premium conference venue interior, warm natural window light raking across the table, other workshop attendees softly blurred in the background. Shallow depth of field, 85mm lens, realistic textures, authentic concentration, no stock-photo posing, editorial magazine quality.

03 — The room (environmental wide)

- **File:** `assets/workshop/03-wide-workshop-room-3x2.png`
- **Ratio / size:** 3:2 — 2016 x 1344
- **Seed:** 723452
- **Job ID:** `bad188b6-322a-4a92-9a0e-23ba70feab5d`
- **Source:**
`https://d8j0ntlcm91z4.cloudfront.net/user_3GMOZifqmvH53boYn9eGkcXqUc/hf_20260806_150537_bad188b6-322a-4a92-9a0e-23ba70feab5d.png`
- **Use:** venue / format section, proof-of-scale social post, deck opener

Documentary editorial photograph, wide environmental shot: a premium AI training workshop in a modern South African conference venue. Six diverse professionals in business casual clothing gathered around a long walnut table, laptops open, printed workbooks and pens scattered, a facilitator standing and pointing at a shared screen. Floor-to-ceiling windows flood the room with warm natural daylight, designer furniture, plants, minimal architecture. Authentic expressions and real interaction — people laughing, listening, taking notes. Shallow depth of field on the foreground subject, 35mm lens, natural colour grading, editorial reportage quality.

04 — Vertical portrait (social)

- **File:** `assets/workshop/04-portrait-social-3x4.png`
- **Ratio / size:** 3:4 — 1536 x 2048 (4:5 was requested; the model's nearest supported ratio is 3:4. Safe-crop to 4:5 for feed placements.)
- **Seed:** 10118
- **Job ID:** `78f6b7d0-74b2-4b34-a7b9-eeb09add56c`
- **Source:**
`https://d8j0ntlcm91z4.cloudfront.net/user_3GMOZifqmvH53boYn9eGkcXqUc/hf_20260806_150537_78f6b7d0-74b2-4b34-a7b9-eeb09add56c.png`
- **Use:** Instagram / LinkedIn feed, Stories and Reels covers (crop to 9:16), speaker or testimonial card

Documentary editorial portrait, vertical crop for social: a South African marketing consultant, woman in her late 20s with natural hair, business casual blazer, sitting at a shared workshop table with an open laptop showing an AI chat interface. She looks up and to the side at a peer she is talking with, genuinely animated, mid-sentence. Printed workbook and coffee in frame. Modern conference venue, warm natural side light, premium furniture, background attendees blurred into soft bokeh. Shallow depth of field, 85mm lens, realistic skin and fabric texture, unretouched authenticity, editorial quality.

Notes for re-generation

- Keep the seed and change one clause at a time to hold the look while varying wardrobe, angle, or cast.
- The model renders on-screen text unreliably. Prompts deliberately say "an AI chat interface" rather than naming or spelling out a product UI — keep it that way, and keep screens small in frame or angled away.
- If a frame comes back cool or over-lit, add "warm golden hour interior light, natural contrast, no studio strobes" before re-rolling.

Prompt Library

Reusable blocks for generating more frames in the same campaign look. Compose one line from each section, in this order: **subject** → **action** → **environment** → **light** → **optics** → **quality**.

Style spine (paste into every prompt)

Modern conference venue, warm natural light from large windows, premium furniture, printed workbooks on the table, shallow depth of field with soft background bokeh, realistic skin texture, authentic unposed expression, documentary editorial photography, natural colour grading, editorial magazine quality.

Subject variants

- South African marketing consultant, Black woman in her mid-30s, crisp linen blazer over a simple top
- South African marketing consultant, man in his 40s, business casual button-down with sleeves rolled up
- South African marketing consultant, woman in her late 20s with natural hair, business casual blazer
- Workshop facilitator standing at the head of the table, relaxed knit and chinos
- Two consultants sharing one laptop screen, heads turned toward each other

Action variants

- mid-conversation, gesturing with one hand toward a colleague
- focused on the laptop screen showing an AI chat interface, one hand on the trackpad
- annotating a printed workbook with a pen, laptop open beside them
- leaning back, laughing at something a peer just said
- turning a laptop around to show the table what they built
- listening intently, chin resting on one hand, notebook open

Optics

SHOT	LENS	RATIO
Environmental wide, whole room	35mm	3:2
Table group, two to three people	50mm	3:2
Portrait or over-the-shoulder	85mm	3:4

Aspect ratios by placement

- **3:2** — web hero, email header, deck, LinkedIn link preview
- **3:4** — Instagram and LinkedIn feed (crop to 4:5 if the placement needs it)
- **9:16** — Stories, Reels, TikTok. Generate natively rather than cropping a 3:2; a crop loses the room.

Negative direction

Append when a generation drifts:

```
No glowing holograms, no floating UI panels, no circuit-board motifs, no cold blue tech lighting, no shadowless studio lighting, no posed handshakes, no looking at camera, no legible on-screen text or logos.
```

Model settings that produced this set

- Model: `soul_2` (Higgsfield, `text2image_soul_v2`)
- Style: General
- Quality: 2K
- Prompt enhancement: off — the prompts are already fully specified, and enhancement tends to reintroduce the tech-cliché elements listed above.

Channel Copy

Paired to the images in `creative/shot-list.md`. South African English throughout. Swap the bracketed placeholders before publishing.

LinkedIn — feed post (pairs with image 01 or 04)

Most marketers have "tried ChatGPT". Far fewer have sat down for a full day and rebuilt how they actually work.

That's the difference our workshop is built around. You bring live client work. You leave with prompts, workflows and a system that survives contact with a Monday morning.

[DATE] · [VENUE], [CITY] · [N] seats

Details in the comments.

Short variant (under 200 characters):

A full day with ChatGPT and Claude, your own client work, and a room of marketers who take it as seriously as you do. [DATE], [CITY].

LinkedIn — carousel opener (image 03)

Slide 1: What a day in the room actually looks like **Slide 2:** You arrive with a real brief, not a hypothetical **Slide 3:**

Two hours building prompts that hold up under revision **Slide 4:** You compare approaches with five other consultants

Slide 5: You leave with a workbook you'll still be using in six months **Slide 6:** [DATE] · [VENUE] · [N] seats · [LINK]

Instagram — feed (image 04)

The part nobody posts about: the hour where it clicks. 🧠

One day. Your own client work. ChatGPT and Claude, used properly.

[DATE] · [CITY] · link in bio

**AIforMarketers #MarketingSA #JoburgEvents
#CapeTownEvents #AITraining
MarketingStrategy #ProfessionalDevelopment**

Instagram Stories (crop image 04 to 9:16)

- Frame 1: "One day. Your real client work."
- Frame 2: "ChatGPT + Claude, properly."
- Frame 3: "[N] seats. [DATE]." → swipe-up sticker

Email — subject lines

1. A full day rebuilding how you work with AI
2. Bring a real brief. Leave with a system.
3. [N] seats, [CITY], [DATE]
4. The AI workshop for marketers who've moved past the demo

Email — opening paragraph

You've read the threads, watched the demos, and probably pasted a brief into ChatGPT to see what came back. This is the next step: a full day in a room with other marketing professionals, working on your own client projects, with ChatGPT and Claude open and someone experienced looking over your shoulder.

Paid social — short-form ad copy

Primary text

Stop guessing at prompts. Spend a day building the workflows your agency actually needs — with your own client work in front of you.

Headlines

- A working day, not a webinar
- Bring your client brief
- AI training for marketing professionals

Descriptions

- [DATE] · [VENUE], [CITY] · [N] seats
- Small room. Printed workbook. Real output.

CTA: Reserve a seat

Alt text (accessibility — copy with the images)

- **01:** A marketing consultant in a linen blazer gestures toward a colleague while working on a laptop at a shared table in a sunlit conference room, printed workbooks in front of her.
- **02:** Over-the-shoulder view of a workshop attendee working on a laptop beside an annotated printed workbook, warm daylight across the table.
- **03:** Six professionals with laptops and workbooks around a long wooden table in a bright modern conference room while a facilitator points at a shared screen.
- **04:** A marketing consultant looks up mid-sentence toward a peer while working at a laptop, workbook and coffee on the table, other attendees blurred behind her.

assets/workshop

Image binaries go here. They are not committed — the generating environment's egress policy blocked the Higgsfield CDN host, so the files could not be pulled down automatically.

Download each URL in `creative/shot-list.md` and save it under the filename listed with it:

- `01-consultant-collaboration-3x2.png`
- `02-over-shoulder-laptop-3x2.png`
- `03-wide-workshop-room-3x2.png`
- `04-portrait-social-3x4.png`

Everything else in this repo already references those names.
